

ANNEX

This annex presents the broad outcomes, goals, operational targets and priority cluster strategies in matrix form. In addition, the matrix indicates sectors/areas of collaboration and key actors responsible for implementation of the cluster strategies. These are grouped under the three clusters as described in Chapters IV and V, that is,

- Cluster I: Growth and reduction of income poverty
- Cluster II: Improvement of Quality of Life and Social Well Being
- Cluster III: Governance and accountability

The NSGRP framework identifies *broad outcomes* for each cluster under which a set of *goals* are defined with an associated set of *operational targets* with specific numeric or non-numeric targets and timeframes. For each operational target, specific cluster strategies and intervention package are given. It is possible to trace these actions to sectors and actors that are responsible for implementation. Examples for these terms are given below:

Term	Examples
Broad outcomes:	<p><i>Wider longer-term sectoral or national outcomes Tanzania would like to realise as specified in national policies such as Vision 2025 - e.g.</i></p> <ul style="list-style-type: none"> ■ Improved quality of life and social well being of rural population.
Goals	<p><i>Outcome aimed at achieving one of the broad outcomes. This does not necessarily need to have a timeframe and target, e.g.</i></p> <ul style="list-style-type: none"> ■ Reduce child and maternal mortality
Operational target	<p><i>Outcomes that have specific timeframes and targets - e.g.</i></p> <ul style="list-style-type: none"> ■ Reduce infant mortality from 95 (1000) in 2004 to 50 (1000) in 2010 ■ Improved access to clean and safe water from 53% in 2003 to 65% in 2010 of rural population and 73% to 90% in urban population. ■ Reduce the HIV prevalence from 11% in 2004 to 10% in 2010 between ages of 15 -24 years. ■ Increased proportion of the population having an access to electricity in rural areas from less than 2% to 15% by the year 2015.
Cluster strategies	<p><i>Activities that different actors will do in order to deliver intended operational outcome/ target - e.g.</i></p> <ul style="list-style-type: none"> ■ Immunisation of children ■ Community programme on improved nutrition for children's health ■ Improved rural roads for access to health care facilities and markets ■ Construction of protected water sources in villages ■ Use of fuel efficient stoves and reduction in indoor air pollution ■ Use low-cost electrification technologies for electrifying rural remote areas ■ Apply renewable energies (e.g. solar, wind, micro hydro, etc.) for decentralised electricity generation ■ Institute reproductive health and HIV/AIDS prevention programmes in primary and secondary schools

CLUSTER I: GROWTH AND REDUCTION OF INCOME POVERTY

BROAD OUTCOME:

1. Broad based and equitable growth is achieved and sustained

Goal 1: Ensuring sound economic management

Operational Targets	Sub-category	Cluster Strategies	Intervention package	Sector or areas of collaboration	Key Actors
1. Macro-economic stability maintained	Monetary/Fiscal	1.1.1 Sustain efforts to contain inflation to a level close or equal to that in major trading partners by pursuing prudent fiscal and monetary policies.	Fiscal measures	Monetary/Fiscal Production, Infrastructure	MOF, BOT,POPP MAFS, MIT, MOW, Private Sector
			Monetary policies		
			Supply side interventions		
	Exchange rate /Balance of Payments	1.1.2 Strive to reduce deficit in the current account of the Balance of Payments (increase exports substantially in relation to imports with a view to reducing aid dependency and debt).	Improve trade balance	Monetary, Trade, production, economic diplomacy	MOF, BOT, MIT, MFAIC, Private sector
			Services balance		
			Official remittances		
		1.1.3 Encourage public -private sector partnership to invest in business training, export and domestic marketing. Also, training in quality assurance and establish modern quality - testing centres and laboratories.	Public – Private sector partnership	Investment, Trade, Training, production economic diplomacy,	MIT, MFAIC PO-PP, Private sector, PO- RALG, LGAs
			Provision of trade services for domestic and export trade		
			Human capacity development		
		1.1.4 Upgrade and develop new capabilities in order to maintain the growth of domestic markets and exports and promote specialization in dynamic exports and encourage increased competitiveness.	Trade development		
		1.1.5 Make trade more inclusive through facilitating expansion of a wide range of enterprises especially SMEs in exporting activities.	SMEs development		
		1.1.6 Promote trade and advocate for fair and inclusive globalisation; build capacity to provide trade services to tap into global production, outsourcing and marketing networks, enhance export guarantee mechanisms.	Provision of trade services	Trade, Regional / International cooperation	MIT, MFAIC PO-PP, MOF
			Trade policy		
	1.1.7 Build human capacity in trade negotiations; harmonize standards and improve customs procedures; enhance on-going initiatives on increasing access for women to local, regional and global markets	Human capacity development	Trade, Financing, SMEs, economic diplomacy	MOF, MIT, MFAIC MLYDS BOT, MCDGC, PO-RALG, LGAs	
Standards and procedures					
Trade financing					
Market access					

		1.1.8 Promote transparent trade in natural resources (forestry, fisheries, wildlife, agriculture) based on sustainable use principles, and promote measures to eliminate illegal trade in natural resources.	Review, policy, laws and regulations	Trade, Natural resources, Revenue , economic diplomacy	MIT, MFAIC MNRT, MoF
			Natural resource management		
		1.1.9 Sustain stability of the exchange rate	Foreign exchange operations	Monetary, Production, Infrastructure	BOT, MIT, MoW, PORALG, Private sector
			Supply side interventions		
		1.1.10 Maintain official reserves of at least 6 months worth of imports.	Export promotion	Trade, Production, Infrastructure, economic diplomacy	MOF, BOT, MoW, PORALG, Private Sector
			Supply side interventions		
	Fiscal	1.1.11 Continue to strengthen tax administration; reduce tax evasion and corruption; eliminate harassment of taxpayers; review tax policy in order to increase tax effort.	Tax Policy/Administration	Governance/Fiscal	MOF, TRA
			Tax payers registration		
	Interest rate	1.1.12 Deepen financial sector reforms in order to attain deposit rate that encourages savings, and lending rate which lowers the cost of borrowing (narrowing spread, hence encouraging investment)	Financial Sector Assessment Program (FSAP)	Reforms, Investment , economic diplomacy	MoF, BOT, MFAIC, MJCA, POPP, Financial institutions
			Legal framework		
External Debt	1.1.13 Reduce external debt to sustainable levels (50% of GDP or less)	Debt management	External debt , economic diplomacy	MoF, BOT, MFAIC, MJCA	
2. Reduced unemployment from 12.9 % in 2000/01 to 6.9% by 2010 and address underemployment in rural areas	Employment	1.2.1 Implement investment strategies that promote employment creation and promote self employment.	Investment promotion	Employment creation , economic diplomacy	MLYDS, Private sector, Financial institution, MOF, PO-PP, MFAIC PO-RALG, LGAs
			Tax incentives / other incentives, domestic trade services/facilities		
			Awareness raising	Microfinance institutions	
			School curriculum and skills development	Employment;	
			Start up capital -micro credit		
		1.2.2 Create employment in communities through community based construction and maintenance of rural roads	Community projects	Employment	MOW, MLYDS, PO-RALG, Private Sector, LGAs
			Rural roads maintenance		
		1.2.3 Increase public investment to influence the pattern of employment creation towards poverty reduction, and promote private sector investment in “lead” sectors including, agriculture, tourism, mining and manufacturing	Public investment	Employment	MLYDS, PO-RALG, Private Sector, MOF, PO-PP, LGAs
			Domestic trade services		
			Private sector development		

		1.2.4 Strengthen institutional and human capacity for efficient coordination of employment services delivery countrywide.	Institutional development	Employment	MLYDS, PORALG, Private Sector, Training Institutions
			Human capacity development	Training	PO-PSM, MLYDS, Training institutions
		1.2.5 Continue implementation of demand - driven skills development programme for promoting self -employment and productivity.	Skills development	Human capacity	MLYDS, MSTHE private sector, education establishments SIDO, VETA, NIP, LGAs
			Productivity enhancement		
		1.2.6 Develop affirmative actions to create employment opportunities for youth, women, and people with disabilities.	Social protection measures	Employment, disability, gender	MLYDS, private sector, CSOs, Workers unions, LGAs
			Domestic trade services		

Goal 2: Promoting sustainable and broad-based growth

Operational Targets	Sub-category	Cluster Strategies	Intervention package	Sector or areas of collaboration	Key Actors
1. Accelerated GDP growth rate to attain a growth rate of 6-8% per annum by 2010	GDP growth	2.1.1 Develop a detailed growth strategy that focuses on specific products/services where Tanzania has and can create competitive advantages.	Dialogue on specific products e.g. leather, food processing, textile, honey, etc. Studies on production processes, quality standards and markets.	Employment, SMEs	PO-PP, MIT, TIC, NDC, Financial Sector, Private sector
		2.1.2 Address the linkages and synergies at sub -sectoral level across sectors to add value to the specific identified products.			MIT, MLYDS, MCDGC, SIDO, VETA, Private Sector, PO-PP
		2.1.3 Identify and promote investment in the productive and service sectors. Expedite implementation of TMTP 2020.			Policy review & Investment stimulation
		2.1.4 Protect property rights, reduce environmental damage, improve production and productivity in energy, industry, agriculture, fisheries, forestry, tourism, communications, transport etc.	Policy review & infrastructure development	Governance	PO-PP, MLHS, PO - SH, MIT, MOF, PO - RALG, MEM, MJCA MNRT, Private sector, CSOs, LGAs
			Laws and regulations		
			Institutional development		
		2.1.5 Maintain predictable business environment through BEST programme. Expedite implementation of BEST action plan.	Policy review and raise awareness.	Production, Trade, employment	MOF, TRA, LGAs, MIT, MFAIC, PO-PP, MLTDS, TIC, Private sector, MJCA
			Legal and institutional reforms,	Business environment	
			Labour and employment reforms		

			Incentives, regulatory environment		
	Infrastructure	2.1.6 Induce modernization and expansion of railway connections through favourable policies. Modernize and expand trunk roads connections, ports and airports, and transport services e.g. in Development Corridors through enhanced public-private partnerships.	Infrastructure development	Transport and infrastructure;	MOW, MCT, MEM, PO-PP, THA, private sector; NDC, LGA
			Spatial Development Initiatives / Development Corridors	Private-Public Partnerships	
			Public- Private partnership		MIT, MEM, MCM Private sector, NDC
	HIV and AIDs	2.1.7 Develop programmes to fight the spread of HIV and AIDs in work places in all MDAs, LGAs, CSOs and Private sector.	Encourage voluntary counselling and testing	HIV and AIDs	TACAIDS, MDAs, LGAs, Private sector, CSOs,
			Condoms availability		
			Behaviour change communication		
2. Scaled up participation of the informal sector and SMEs (including cooperatives).	Trade/Production	2.2.1 Strengthen SMEs Credit guarantee facilities; SMEs development policy and plan, Export Credit Guarantee Fund for Cooperatives and other organisations handling farmers' produce, Cooperative Development Policy 2003, microfinance, promote/establish incubator systems to help sustainable management of SMEs.	SMEs development and management	SMEs, trade	MIT, MCM, Private sector, SIDO, LGAs
			Micro credit		BOT, MOF, Financial Sector, LGAs
			SMEs policy and plan		MIT, Private Sector, TIC, LGAs
			Business regulations		
		2.2.2 Accord high priority to the promotion and participation of SMEs.	Investment promotion	Public sector, Private sector	
3. Increased growth of manufacturing sector from 8.6% in 2003 to 15% by 2010	Manufacturing	2.3.1 Enhance measures to attract more investment with a view to increasing productivity and enhancing job creation	Investment and employment	Public sector, Private sector development	MOF, MIT, MLYDS, TIC, Private Sector, LGAs
		2.3.2 Review establishment Acts of Research and Development institutions; and promote patenting and commercialisation of proven technologies.	Policy review, Legal	Science and Technology, Energy	MIT, MHSTE, MOEC TIRDO, CAMARTEC, TBS, VPO, MJCA, private sector, LGAs
			Institutional development		
			Commercialisation of proven technologies		
		2.3.3 Increase support to R&D institutions, which focus on technological innovation to support manufacturing; promote environmental best practises technologies in processing and production; improve adoption of technology by the private sector	Institutional development Environment,	Science and Technology, Energy	MIT, MSTHE, MOEC, MOF, private sector, CSOs, LGAs
			Technological development and transfer.		COSTECH, IPI, CARMATEC

4. Increased agricultural growth from 5% in 2002/03 to 10% by 2010.	Agricultural growth	2.4.1 Increase number of irrigation schemes and development of more efficient use of water schemes.	Infrastructure development	Agriculture, water	MWLD, MAFS, private sector, research institutions, LGAs
			Natural resources management		
		2.4.2 Increase area under irrigation and promote water use efficiency in irrigation schemes and encourage utilization of low cost technologies	Agriculture sector development	Agriculture, Private Sector	MAFS, PORALG, LGAs, Private Sector
			Policy review		
			Technology		
		2.4.3 Promote rainwater harvesting incorporating small, medium and strategic large -scale dams and reservoirs.	Rainwater harvesting	Agriculture, Private Sector, water	MAFS, MWLD PORALG, LGAs, Private Sector
			Infrastructure development		
		2.4.4 Increase productivity in existing agricultural activities through adoption of and investment in more productive technological packages in agriculture (farming and husbandry)	Agricultural productivity	Agriculture, Private Sector	MAFS, PORALG, LGAs COSTECH, TDPC, CAMATECH, Private Sector, MWLD
			Agricultural farm technology		
		2.4.5 Increase training and awareness creation on safe utilization and storage of agro -chemicals (including agriculture and livestock inputs, e.g. cattle dips), and the use of integrated pest control, eco -agricultural techniques, and use of traditional knowledge.	Training and awareness raising in environmental management	Agriculture Livestock, and Environment	MAFS, MWLD, NEMC, LGAs
2.4.6 Improve human resources capacity and efficiency in agricultural services delivery	Capacity development				
2.4.7 Strengthen capacity for timely control of crop pests and disease outbreaks in particular <i>Quelea quelea</i> , armyworms, locusts, rodents and trans -boundary crop and animal disease, promote Integrated Pest Management (IPM).	Capacity development	Agriculture	MAFS, PORALG, MWLD, LGAs Training Institutions		
	Integrated Pest management				
2.4.8 Improve and increase access to support services with particular focus on research and extension meeting the needs of farmers, fishermen, foresters and livestock keepers; and increase communication and collaboration in delivery of extension services.	Access to support services	Agriculture, livestock, water	MWLD, MAFS, research institutions, CSO, private sector, MNRT, LGAs		
	Communication and collaboration				
5. Increased growth rate for livestock sub sector from 2.7% in 2000/01 to 9% by 2010	Livestock development	2.5.1 Promote efficient utilization of rangelands and empowerment of pastoral institutions, for improved livestock productivity	Utilization of range land	Land, pastoralism, environment, livestock	MWLD, CSOs, MLHS, PORALG, VPO, communities, LGAs
			Sensitization of pastoralists		
		2.5.2 Promote programmes that increase income	Income generation programmes	Agriculture, Livestock,	MWLD, MAFS,

		generating opportunities for women and men in the rural areas through promoting local small -scale industries, non -traditional products and traditional crafts.	Promotion of local small scale industries for dairy products Market development	Marketing, cooperatives	private sector, research institutions, CSOs, farmers, LGAs
		2.5.3 Promote pastoralism as a sustainable livelihood system.	Pastoralism Sensitization of pastoralists	Land, pastoralism, environment, livestock	MWLD, CSOs, MLHS, PO-RALG, communities, LGAs
		2.5.4 Construct more water charcos; improve access and quality of veterinary services; and promote dairy and leather industries (SMEs).	Infrastructure development Promotion of dairy products - related SMEs	Water, Livestock, Industry	MWLD, MIT, LGAs PO-RALG, communities, private sector
		2.5.5 Ensure improved access to reliable water supplies for livestock development through promotion of small -scale rainwater harvesting.	Technology	Livestock, water	MWLD, MAFS, MSTHE, PO-RALG, LGAs
6. Increased technological innovation, upgrading and use of technologies.	Science and Technology	2.6.1 Promote use of ICT and e -government, expand communication networks (postal services, computer literacy, telephone density and internet).	Training	Infrastructure, Communications,	MCT, TPC, private sector, MOEC, TTCL, TACRA, MSTHE
			Investment	Training Institutions	MCT, TPC, private sector, MOEC, TTCL, TACRA
		2.6.2 Promote the use of ICT to further develop capacities for SMEs and the self employed for increased productivity	Technology development	Technology	MCT, TPC, private sector, MEM, MOEC, TTCL, TACRA
		2.6.3 Develop the use of ICT through tele -centres, educational institutions and libraries to access global and local markets	Institutional development	Information, Communication, Technology	MSTHE, MOEC, MoF, IPI, COSTECH, Private sector
			Training		
			Market access		
		2.6.4 Support institutions that facilitate appropriate and environmentally friendly technology development and transfer.	Institutional development	Institution	MSTHE, MoEC, MoF, IPI, COSTECH, Private sector
			Technology development and transfer	Technology	
Private sector development	Private sector				
7. Promoted regional equity in development and capacity for growth and infrastructure that	Equity	2.7.1 Develop and implement Regional based investment plan and, promote investment for employment creation, capacity building and increased productivity	Policy revision	Multi - Sectoral	MLYDS, Private Sector, CSOs, PO - PP, PO-RALG
			Investment		
		2.7.2 Refocus public expenditure to priority outcomes and	Public expenditure	Local government	PO-RALG, MOF,

enables investment and livelihoods diversification		associated priority actions and ensure delivery of these resources direct to local authorities (addressing needs of disadvantaged districts).	Budget allocation criteria		ALAT, CSOs, LGAs
8. Repaired 15,000 kms of rural roads annually by 2010 from 4,500 kms in 2003.	Rural roads	2.8.1 Provide adequate level of physical infrastructure needed to cope with the requirements of poverty reduction targets	Infrastructure development	Roads	MOW, MLYDS, PO-RALG, LGAs, CSOs, private sector
		2.8.2 Involve rural communities in construction and management of rural roads	Infrastructure development Community management	Employment, infrastructure	MOW, PORALG, LGA, private sector, CSOs, MCDC
9. Reduced negative impacts on environment and peoples' livelihoods.	Sustainability	2.9.1 Promote actions that incorporate environmental protection measures in plans and strategies.	Environmental protection	Finance, land, environment	Productive/services Sectors, VPO, NEMC, CSO, MAFS, MIT MNRT, MAFS, MEM, PO-RALG, LGAs
	Environment	2.9.2 Develop action plan for implementation of Environmental Management Act.			
10. Reduced land degradation and loss of biodiversity.	Land management	2.10.1 Improve land management including tree planting, establishment of Village Land Forest Reserves (community-based management) on village land and maintaining integrity of protected area network			
11. Increased export proportion of value added minerals from the current 0.5% to 3.0% by 2010	Information	2.11.1 Implement the Mining Cadastre System	Data base development	Industries, Science and Technology, Trade	MEM, MLHS, MSTHE
		2.11.2 Mineral and energy data base systems developed and used			
	Growth	2.11.3 Update mineral policy and legislation	Review and improve procedures for licensing	Minerals, Trade, Judiciary	MEM, MJCA, PO-PP, MoF
		2.11.4 Investments in mines increased by 20% from the present US\$1.30 billion by June 2010; and Increased Contribution of coal and natural gas to GDP.	Review policy and legal framework Prepare promotional packages on minerals potential		
Mineral value addition	2.11.5 Develop and promote enabling environment for investment in mineral value addition.	Established lapidary and jewel manufacturing centers Develop small-scale mining technologies	Minerals, Science and Technology, Trade, SMEs		

			Establish gold mining and processing technology centers		
	Growth	2.11.6 Attract investment in coal and natural gas development and increase contribution of coal and natural gas to GDP.	Promote natural gas use Promote coal electricity for generation and thermal application	Energy, Industries, Science and Technology, Trade	MEM, MIT, MSTHE
	Sustainability/safety	2.11.7 Develop a system to ensure safe and sustainable small scale mining; and at least 90% of registered small scale miners trained in safety awareness by 2010	Safety awareness campaigns in the mines and monitoring visits of prospecting and mining activities	Minerals, SMEs, Environment, Training	MEM, MSTHE, Training Institutions

Goal 3: Improved food availability and accessibility at household level in urban and rural areas.

Operational Targets	Sub-category	Cluster Strategies	Intervention package	Sector or areas of collaboration	Key Actors
1. Increased food crops production from 9 Millions tons in 2003/04 to 12 Millions tons in 2010.	Food security	3.1.1 Improve access to inputs by subsistence farmers through targeted inputs -subsidy to selected food crops and increasing accessibility to micro finance credit	Agriculture productivity related to food production; energy	Agriculture, Energy	MAFS, MOF, MCM, MEM, PO-RALG, LGAs
	Research & Development	3.1.2 Research, identify and promote food storage technologies/ facilities and enhance agro -processing as well as environmentally friendly farming technologies and practices especially for rural areas.	Technology/Environment	Agriculture, research	MAFS, MWLD, NEMC research institutions, CSOs , PO-RALG, LGAs
2. Maintained Strategic Grain Reserve of at least 4 month of national food requirement	Food security (storage)	3.2.1 Improve stock management and monitoring of food situation	Storage facilities and technology	Agriculture, Trade	MIT, MAFS, PO-RALG, LGAs
		3.2.2 Undertake a review of the maize supply chain, management and monitoring of emergency food supplies, including further clarification of regulation and means of enhancing trade.			

Goal 4: Reducing income poverty of both men and women in rural areas

Operational Targets	Sub-category	Cluster Strategies	Intervention package	Sector or areas of collaboration	Key Actors
1. Reduced proportion of rural population (men and women) below the basic needs poverty line from 38.6 percent in 2000/01 to 24 percent in 2010	Rural basic needs poverty	4.1.1 Encourage production of crops with high returns; Increase access to mechanization and use of appropriate technologies, including rural energy services, that reduces drudgery.	Agriculture, technology, energy	Agriculture research	Private sector, MAFS, MWLD, MCM, CSO, MNRT, MLHS MSTHE, MEM, Research institutions, PO-RALG, LGAs

2. Reduced proportion of rural food poor (men and women) from 27% in 2000/01 to 14% by 2010.	Rural food poverty	4.2.1 Promote post harvest management techniques in the rural households Promote schemes that add value to primary agricultural, fishing, forest products, wildlife, and livestock products.	Agriculture, business, Human Development, Gender and Youth	Training	MOEC, MCDGC, MLYDS, MCM, VETA, SIDO, CSO, PO-RALG, LGAs	
3. Increased productivity and profitability both within agriculture and outside agriculture sector.	Productivity and Agriculture	4.3.1 Pursue policies that attract public and private investments in agriculture (including livestock) and natural resources, promote diversification to non-farm activities.	Investment promotion	Investment, Off farm activities	Private sector, MAFS, MWLD, MCM, CSO, MNRT, MLHS, PO-RALG, LGAs	
			Private sector development			
4. Increased off farm income generating activities	Microfinance	4.4.1 Increase access to rural micro financial services for subsistence farmers, particularly targeting youth and women; and promote off farm activities with particular focus to supporting establishment of agro processing SMEs.; Promote and sustain community based savings and credit schemes such as SACCOS and revolving funds.	Rural micro finance	Credit, youth, gender Savings	MAFS, MCM, banks, CSO, PO-RALG, LGAs, MCDGC	
			Promotion of off farm activities			
	Productivity	4.4.2 Enhance life skills and entrepreneurship training for rural population particularly women and youths.	Promotion of Agro processing industries	Finance and credit, gender	Employment, gender	MAFS, MCM, CSO, SME's, MCDG, PO-RALG, LGAs, private sector,
			Skills development, technology			
5. Secured and facilitated marketing of agricultural products.	Marketing	4.5.1 Identify new markets, promote products that maximize value addition and tap new opportunities for supply chains in the country.	Research on markets	Agriculture, markets	Private sector, MAFS, MWLD, MIT, MCM, PO-RALG, LGAs	
			Product market			
		4.5.2 Improve transport systems, thus, lowering transport costs, and improve marketing to ensure higher profit margins for producers.	Transport cost	Transport and infrastructure	MOW, PO-RALG, LGAs, private sector, CSOs	
	Market access					
	4.5.3 Invest in infrastructure and widen access to markets within the country, region and internationally to increase productivity and incomes in agriculture.	Investment in Agriculture	Infrastructure, supportive exports	MCM, MOF, MOW, MAFS, MWLD, PO-RALG, LGAs		
		Market access				
		Productivity increase				
	Rural energy	4.5.4 Provide reliable and affordable energy for economic development, Provide alternative rural energy, and energy efficiency schemes, which reduce energy consumption and women's workload.	Development of rural energy	Energy and technology; Gender	MEM, PO-RALG, LGAs, Energy, CSOs, private sector, TANESCO, other energy suppliers	
4.5.5 Create enabling environment for Rural Energy Agency (REA) and Rural Energy Fund (REF) so as to			Rural technology development			

		promote accessible and affordable rural electrification for productive uses.	Research on alternative rural energy		research institutions,
	Water resources	4.5.6 Increase access to reliable water as a resource for economic production with the aim of increasing the contribution of water in GDP. And ensure sustainable management of water catchments areas and maintenance of forest cover in critical highland catchments areas.	Water resources management and development Provision of economic services Natural resource management	Water, agriculture, gender, Forests, water, environment	MWLD, MNRT, PO-RALG, LGAs, CSOs, VPO, NEMC
	Community development	4.5.7 Scale up community development initiatives e.g. community-based rural road construction and enhancement of programmes such as SIDO, TASAF and SELF that focus at micro level.	Community development Micro credit scheme development Awareness raising	Community Development, employment, gender	MCDGC, PO-RALG, LGAs, MLYDS, MOEC, MJCA, CSOs, communities
	Laws and regulation	4.5.8 Identify and review laws, and advocate against cultural practices, which deny women and youth access to productive and financial assets – including inheritance law and personal property rights.	Revision of laws and regulations Sensitization programmes	Judiciary, gender, youth	MJCA, MLHS, PO-RALG, LGAs MCDGC, CSOs
6. Transformed subsistence sector into smallholder commercial farming	Child labour	4.6.1 Educate communities on basic rights of a child including the fight against child labour; develop and implement programmes targeting reduction of child labour.	Rehabilitation programmes and centres	Children	MCDGC, MOEC, LGAs, MLYDS, CSOs
	Local tourism/SMEs	4.6.2 Develop and stimulate local tourism and small-scale business activities to ensure link with the local economy. (Supply of farm inputs, labour etc).	Promotion of local tourism Rural small scale businesses	Tourism, Small, Private sector	MNRT, PO-RALG, LGAs, Private Sector, CSOs, SME's
7. Increased contributions from wildlife, forestry, and fisheries, to incomes of rural communities.	Natural resources	4.7.1 Develop programmes for increasing local control and earnings in wildlife management areas, and establish locally managed natural resources funds, tapping on local traditional knowledge. 4.7.2 Scale up Participatory Forest Management in all districts, as a mechanism for increasing income of rural communities from natural resources management. 4.7.3 Harmonise natural resource sectors policies and strategies and remove any conflicts in laws and regulations. Improve land conservation measures, and community based and environmentally sound natural resource management.	Natural resource management Community management Policy/strategy revision Revision of laws and regulations Natural resource management Community management	Wildlife, tourism, employment, environment, gender Legislation, natural resources, governance	MNRT, PO-RALG, LGAs, private sector, CSOs MNRT, VPO, PO-RALG, LGAs NEMC MLYDS, CSOs
Goal 5: Reducing income poverty of both men and women in urban areas					
Operational Targets	Sub-category	Cluster Strategies	Intervention package	Sector or areas of collaboration	Key Actors
1. Reduced proportion of the urban population (men and	Urban basic needs poverty	5.1.1 Support SMEs and informal sector through provision of credit, improved business environment and supportive	Promotion of small scale processing industries	SME and informal sector, technology	MIT, MOF, banks, research institutions,

Informal sector development		CSO, MLWD, MOEC, SIDO, PO-RALG, LGAs
			Business environment		
			Technology development		
	Settlements	5.2.1 Implement land use and management plans – planned settlements – Land Act 1999, and improve land revenue collection and financial management system.	Land management	Lands, settlements	MLHS, TRA, PO-RALG, LGAs, CSOs, MOF
			Financial resource management		
	Skills training	5.2.2 Revamp closed and rehabilitates existing vocational training centres especially that provide training for disabled people, and develop affirmative actions and increased employment for disabled.	Vocational training centres	Disability, employment	MOEC, PO-RALG, LGAs, CSOs, MLYDS, private sector, VETA
			Affirmative action for disabled		
			Skills development		
	Utilities/ Energy	5.2.3 Ensure regular and reliable supply of essential utilities including energy, water and sanitation in urban areas.	Provision of utilities	Energy, water, health	MEM, MWLD, LGAs CSOs, private sector
		5.2.4 Ensure sustainable natural resource use to ensure energy supplies are maintained (forests, water catchments and charcoal industry).	Natural resource management	Energy, forests, environment	MNRT, TANESCO, MWLD, NEMC, MEM CSOs, LGAs
		5.2.5 Implement rural energy master plan with focus on extension of rural electrification schemes, development of renewable and alternative sources of energy, and grid connections to unconnected areas.	Rural energy development	Energy, technology, Employment, employment	MEM, PO-RALG, LGAs, Energy suppliers, research institutions, MNRT, MOF, MLYDS
		Research on alternative and renewable energy			
	High quality skills and profession	5.2.6 Improve quality of labour through apprenticeship and entrepreneurship programmes targeting youths (training entrepreneurs to grow their business.); support programmes for women entrepreneurship and young girls training to transition to work.	Skills development	Employment, gender and youth	MLYDS, MIT, MOEC, CSOs, private sector, SIDO, LGAs
			Women and Youth employment		
		5.2.7 Promote self-employment and increased employment opportunities in informal sector.	Skills development	Employment, informal sector	MLYDS, MIT, MOEC, CSOs, private sector, SIDO, LGAs
Informal sector development					
Employment opportunities					
5.2.8 Increase opportunities for youths and women in formal sector and business; And enforce policies and laws that increase opportunities for youths and women employment in informal sector, business and formal sector such as equal access to job and treatment at workplaces.		Skills development	Employment, youth, gender	MLYDS, MJCA, MCDGC, PO-RALG, CSOs, private sector, SIDO, LGAs	
		Policy revision			
		Revision of laws and regulations			

Goal 6: Provision of reliable and affordable energy to consumers					
Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sector(s) or areas of collaboration	Key Actors
1. Liberalization of the power sub-sector effected by 2010	Energy (Electricity)	6.1.1 Regularly up -date the power systems master plan; And implementation of power projects according to the Power System and Rural Energy Master Plans.	Review of Power Master Plans Review investment proposals from developers	Energy, Science and Technology, Trade	MEM PORALG, LGAs
	Sustainability & environment	6.1.2 Promote efficient and environment benign energy development.	Enforce measures for increasing adherence to the guidelines and regulations.	Energy, Environment	MEM, MCT, MOW, TANESCO, LGAs
		6.1.3 Guidelines and regulations for reduction of energy transportation, transmission and distribution losses reviewed, enforced.	Monitor performance of energy systems		
	Reforms	6.1.4 Promote rational use of energy and Energy efficiency and conservation in all sectors of economy by 2006.	Prepare a programme for Energy Conservation and Efficiency use.	Energy, resource conservation, Environment, Law enforcement	MEM, MIT, Private Sector, VPO, MNRT , LGAs
			Sensitise relevant stakeholders to implement the programme		
	6.1.5 Promote efficiency and effectiveness generation and use of the power utility	Finalise restructuring of power sub-sector Privatise generation and distribution	Energy	MEM, PO-PP, Private Sector	
2. At least three (3) Production Sharing Agreements (PSA) negotiated, concluded and signed by June 2010	Energy resources	6.2.1 Develop and promote utilization of indigenous energy resources and diversification of energy sources.	Identify viable sources of energy	Energy, Forestry, Agriculture, Water, Livestock	MEM, MNRT, MAFS, PO-RALG, MoF, MCT, MWLD, Private Sector, CSOs, LGAs,
			Disseminate information to investors		
			Development of potential gas sources		
	Petroleum exploration	6.2.2 Publicized petroleum exploration data.	Promote on-shore and offshore petroleum exploration.	Energy, Legal	MEM, MNRT, MJCA, PO-PP, Private Sector

CLUSTER 2: IMPROVEMENT OF QUALITY OF LIFE AND SOCIAL WELL BEING

Broad Outcomes:

1. Improved quality of life and social well-being, with particular focus on the poorest and most vulnerable groups
2. Reduced Inequalities (e.g. education, survival, health) across geographic, income, age, gender and other groups

Goal 1: Ensuring equitable access to quality primary and secondary education for boys and girls, universal literacy among men and women and expansion of higher, technical and vocational education

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sectors or areas of collaboration	Key Actors
A. Early Childhood 1.1 Increase in the number of young children prepared for school and schools prepared ready to care for children.	Pre-school Kindergarten	A.1 Expand primary education system to develop quality pre-primary programmes that link with existing early childhood provision – health, nutrition, parenting education etc.	Early childhood development interventions	Education,	MoEC, MoH, MWLD, PO-RALG, LGAs MOW, private sector, CSOs, FBOs
		A.2 Promote community based day -care/pre-school.	Pre-school infrastructure		
			Pre-school teachers training		
	Policy	A.3 Develop an inter -sectoral policy framework to guide early childhood development and promote pre -school learning.	Pre-school books and learning aids		
B. Primary Enrolment 1.2 Increased gross and net enrolment of boys and girls in primary schools from 90.5% in 2004 to 99% in 2010 1.3 Increased proportion of children with disabilities enrolled, attend in and completing schools from 0.1% in 2000 to 20% in 2010 1.4 Increased proportion of orphans and most vulnerable children enrolled, attending and completing primary education from 2% in 2000 to 30% in 2010	Primary education	B.1 Ensure all (boys and girls) children, including those with disabilities, orphans and other most vulnerable children (e.g. child labourers, street children) are able to effectively access and complete high quality, child friendly and gender sensitive primary education.	School infrastructure	Education,	MWLD, MoH, MoW, MOEC, PORALG, LGAs, PMO, MAFS, MCM, MLYDS, Private Sector, CSOs
			Learning Materials		
			Curriculum reforms		
			Demand side intervention		
			Awareness creation		
			Review of education policy to reflect on inclusive education practices		
		B. 2 Operationalise strategies for mainstreaming vulnerability in their primary and secondary education programme.	In-service training to provide quality education to cater for the special needs to children with disabilities		
			Provision of transportation to allow children with disabilities to get to school, and for schools to be accessible.		
		B.3 Prioritise the development, funding and implementation of country strategies that support promotion of education for orphans and most vulnerable children	School infrastructure	Education fund for Vulnerable	
			Demand side interventions		
		Identify the households of those vulnerable children and target them for specific support to enable the children to go to school			

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sectors or areas of collaboration	Key Actors
			Support to vulnerable groups (e.g. uniform, food) Shelter infrastructure		
		B.4 Maintain current policy of free primary school education to encourage broad access to education for all children.	Capitation fund (PEDP)	Governance at school committee levels	MCDGC, PORALG, LGAs, MOEC, Private sector, FBOs, CSOs
C. Secondary Enrolment 1.5 Increased percentage of girls and boys with disabilities and OVCs who qualify for secondary education enrolled and complete secondary schools by 2010 1.6 At least 50% of boys and girls aged 14-17 years are enrolled in ordinary level secondary schools by 2010 1.7 At least 60% of girls and boys pass Standard VII examinations by 2010 1.8 At least 25% of boys and girls are enrolled in advance level secondary schools by 2010	Secondary education	C.1 Reduced cost of secondary education to encourage broad access to education for all children.	SEDP strengthening	Education	MOEC, MLYDS, MCDGC, CSOs, FBOs, LGAs, private sector,
		C.2 Improve equitable access to quality secondary education that would not disproportionately exclude the poor, children with disabilities, orphans and other vulnerable children.	Books procurements		
			Secondary school infrastructure		
			Transport and communication		
		C.3 Develop guidelines and appropriate strategies for inclusive education that welcomes and accommodates all children (including the vulnerable) in the neighbourhood of each primary and secondary education programme.	Review curriculum		
			Develop and implement guideline School infrastructure		
	C.4 Establish appropriate targets/indicators for 2010, to reflect the overall quality of O level secondary education and Advanced level secondary education	Teacher Training			
		Life skills training			
	C.5 Implement specific interventions to increase girls' access and completion in secondary schools; and performance in both primary and secondary schools.	Involvement of women's groups at the village level			
		Security for girls and women from violence			
Life skills education	C.6 Expand active, life -skills based and gender sensitive teacher training for primary and secondary schools to cope with increases in enrolment	School mapping			
		Data collection			
D. Primary Achievement & Quality 1.1 Achieving an average daily attendance in primary schools of at least 85% 1.2 At least 95% of cohort complete standard IV 1.3 At least 90% of cohort complete standard VII.	Primary education	D.1 Improve capacity and equitable participation at all levels of education to plan, implement and monitor quality of provision of education at the school level, including transparent use of school funds.	Training of school committees/ boards/ and managerial staff	Training	MoEC, MCDGC, MLYDS, LGAs, PORALG, Private sector, CSOs, FBOs
			Governance at all levels	Governance	
		D.2 Ensure that adequate special teachers are trained and those in the field in -serviced to provide quality educational to children with disabilities; ensure that pupils are screened to identify their disabilities and health problems; ensure that there are adequate facilities to prepare model for hearing aids, audio -books, print Braille books, distribution of equipment and materials to schools.	Teachers training	Training	
			Pupils are screened to identify their disabilities	Health	
			Teaching and learning materials (inc books and equipment)	Procurement	
E. Secondary Achievement & Quality 1.4 At least 70% of girls and	Secondary Education	E.1 Improve retention of pupils in ordinary level secondary education.	Teachers training	Education	MoEC, private sector, MCGDC, LGAs, V PO, FBOs, CSOs
			School inspection	Health	
			Teachers recruitment	Environment

Goal 2: Improved survival, health and well-being of all children and women and of especially vulnerable groups

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sectors or areas of collaboration	Key Actors
<p>A. Infant & Child Health</p> <p>2.1 Reduced infant mortality from 95 in 2002 to 50 in 2010 per 1,000 live births.</p> <p>2.2 Reduced child (under five) mortality from 154 to 79 in 2010 per 1000 live births.</p> <p>Reduced hospital-based malaria-related mortality amongst under fives from 12% in 2002 to 8% in 2010</p>	Health	A.1 Improved neo-natal care and infant care and ensure screening of under -5s for development disabilities and targeted nutrition education and supplementation for undernourished children	Nutrition program	Health, Environment	VPO, MoH, , LGA, MLHS, PMO, CSOs, private sector. MWLD, , Private Sector, MCDGC, CSO's
		Infant and under five health care			
		Neo natal Integrated Package			
		Child nutritional programmes			
		Increased use of ITNs especially among infants, children and pregnant women.			
	Environmental health programmes				
A.3 National strategy for parenting education and support to achieve improved nutritional and health status of infants and young children	Parenting education and health programmes				
A.4 Explore options for more effective control of malaria: prompt treatment, especially for children under five and pregnant women, and older persons; and strategies to increase re-treatment rates.	Immunisation programmes	Immunisation programmes	Immunization		
A.5 Increased percentage of children under 2 years immunized against measles and DPT from 80% in 2002 to 85% in 2010.	Immunization				
<p>B. Child Nutrition</p> <p>2.1 Reduced prevalence of stunting in under fives from 43.8 %to 20% in 201 0</p> <p>2.2 Reduced prevalence of wasting in under fives from 5.4% to 2 % in 2010</p>	Nutrition	B.1 Promote sound feeding and weaning practices for infants, emphasising the need for parental attention and primary care (grandparent), and care for infants and frequent feeding.	Awareness raising on infant feeding	Nutrition Education	MOH, FBO, CSO, private sector
		B.2 Roll out IMCI throughout the country including the community-IMCI strategy.	Infant and under five health care		
<p>C. Maternal Health</p> <p>2.3 Reduced maternal mortality from 529 to 265 in 2010 per 100,000</p> <p>2.4 Increased coverage of births attended by trained personnel from 50% to 80% in 2010</p>	Health	C:1. Public health and primary preventive strategies improving access to and proper use of ITNs; including availability of longer lasting ITNs, use of safe and clean water, personal hygiene and sanitary measures; improving access to and proper use of ITN.	Insecticide-treated nets and curtains	Health	MOH, FBO, CSO, private sector MoH,
		C.2 Strategies to increase re -treatment rates, including availability of longer lasting ITNs	Environmental health programmes to control transmission of communicable disease		
			Programme of destroying/controlling mosqui to breeding areas and fumigation		

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sectors or areas of collaboration	Key Actors
		C. 3 Improve access to and quality of maternal health services including: antenatal care, emergency obstetric care, post-natal care, and newborn care.	Antenatal and obstetric care Post-natal care Improved communication networks and more ambulances.		
		C.4 Promote and protect reproductive health rights including access to family planning services, contraceptives, adolescent reproductive health services, to allow choices and control of fertility outcomes by women and youth.	Counseling and programmes on contraception and family spacing to women and youth Provision of modern contraceptive methods		
		C.5 Targeted nutrition education and supplementation (to address micronutrient deficiencies) for pregnant women.	Nutrition programmes for pregnant women.		
D. HIV and AIDS	HIV/AIDS	D.1 Increase resources for effective HIV and AIDS prevention programs, including targeted and focused peer education, scaling up of STI screening and treatment, VCT services, condom use; and address stigma and discrimination.	HIV/AIDS awareness programmes VCT program accessible to all including vulnerable groups HIV/AIDS screening STI screening and treatment Peer education programmes and behaviour change programmes	Health	MOH, FBO, CSO, private sector, MC DGC
2.5 Reduced HIV prevalence among 15-24 year pregnant women from 11% in 2004 to 5% in 2010					
2.6 Reduced HIV prevalence from 11% in 2004 to 5% in 2010 between the ages of 15 and 24 years.					
2.7 Reduce HIV and AIDS prevalence among women and men with disabilities (among age group 15-35 years)		D.2 Scale up proven non-ARV interventions including therapies such as natural or food supplements, TB prevention and treatment, and treatment of opportunistic infections in PLHAs	Strengthen non-ARV interventions TB prevention and treatment Treatment of opportunistic diseases	Health	
2.8 Increased the knowledge of HIV/AIDS transmission in the general population.		D.3 Equitable, sustainable and cost-effective access for all affected households to Anti Retro Viral (ARVs), with emphasize on ARV education, <i>prevention of mother to child transmission (PMTCT+)</i> and support for the mother after delivery.	Provision of ARVs and awareness raising Prevention of mother to child transmission (PMTCT+) Post-natal support programmes	Health	
2.9 Reduce HIV/AIDS stigmatisation.		D.4 Implement and support a program of continuity of care for PLHAs including community-based initiatives for example home based care, basic support for food, water, housing, gloves and psychosocial support. Promote and implement programme with particular attention to women, children, PLHAs elderly carers, widows and child headed households.	Support to community-based initiatives for PLHA care Support for food water, housing, gloves and psychosocial support Support to PLHA care takers with focus on elderly carers, widows and child headed households	Health	
		D.5 Link community based initiatives to facilities within the continuity of care framework that provides long-term care and management of highly burdening chronic conditions such as HIV and AIDS, tuberculosis, and cardiovascular diseases	Integrated long-term care and management of chronic conditions Community care of chronic diseases	Health care	

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sectors or areas of collaboration	Key Actors
		D.6 Integrate measures to address gender inequalities and inequities that result in higher HIV prevalence rates among women and girls.	Prevention of mother -to child transmission		
E. HUMAN RESOURCES & MANAGEMENT 2.10 Health Boards and Facility Committees in place and operational in all districts. 2.11 Service delivery agreements operational and effective. 2.12 Regional Health Management Teams in place, activated and operational. 2.13 Promoted knowledge - based care among health workers for attending among others, people with disabilities and elderly.		E.1 Evaluate and critically assess the human resource development strategy in the health sector to identify gaps in skills among health workers and execute a plan for immediate training in key areas , including special health needs of older and disabled persons.	Needs assessment and HR plan Training of staff Training for needs of specific vulnerable groups	Capacity building	MOH, PORALG, MCDGC, FBO, CSO, private sector
		E.2 Hire and equitably de ploy health workers with particular attention to under -served villages/communities, including to resolve current obstacles to hiring and placement, enable councils to recruit effectively, establish an incentive package for “hardship posts”, and streamline transfer procedures and practices	Recruitment of health workers Incentive package for health workers Access to reliable, relevant and usable essential health care information for health professionals at all levels.		
		E.3 Finalize establishme nt of Health Boards and Health Facility Committees ensuring broad representation including marginalized groups, and effective operation of these committees to monitor quality and accessibility of health services, public-private partnership agreements in provision of quality health services enhanced.	Health committees strengthened & trained Public private partnership agreements in provision of health services		
		E.4 Regional Health Management Teams established that have the capacity to provide adequ ate and dynamic support to Council Health Management Teams with delineated responsibilities and authority.	Strengthen regional health management teams		

Goal 3: Increased access to clean, affordable and safe water, sanitation, decent shelter and a safe and sustainable environment and thereby, reduced vulnerability from environmental risk.

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sectors or areas of collaboration	Key Actors
A. Water 3.1 Increased proportion of rural population with access to clean and safe water from 53% in 2003 to 65% 2009/10 within 30 minutes of time spent on collection of water.	Water supply	A.1 Increase sustainable access to inexpensive and reliable sources of water in both rural and urban areas.	Implementation of programs for increasing access in rural and urban areas through rehabilitating, expanding, protected water supply systems and construction of new water sources.	Water,	MWLD, MoH, MoW, PORALG, LGAs, PMO, MAFS, MCM, VPO, MLHDS, Private Sector, CSOs, FBOs
		A.2 Sustainable management of catchment forest areas	Water quality and quantity surveillance and ensure appropriate maintenance of existing protected water sources.	Environment,	

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sectors or areas of collaboration	Key Actors
Increased urban population with access to clean and safe water from 73% in 2003 to 90% by 2009/10.		A.3 Apply life line tariffs that ensures affordability of access to safe water, especially in rural areas and focusing on vulnerable households, including older people headed household	Studies on access and cost of water and sanitation paying attention to household make up and age, disability and gender Tax exemption and procurement of water facilities	Data collection Water supply	
		A.4 Implementation of water policy and water related regulation frameworks	Water policy/rights awareness programme	Water	
			National system of benchmarking to monitor the performance of all water supply organizations (urban and rural) including approaches to supplying vulnerable people		
			Tailored capacity building programs to improve management of operations and maintenance of water supply schemes in rural areas.		
B. Sanitation & Waste Management 3.2 Increased access to improved sewerage facilities from 17% in 2003 to 30% in 2010 in respective urban areas. 3.3 Reduce household s living in slums without adequate basic essential utilities. 3.4 100% of schools to have adequate sanitary facilities by 2010 3.5 95% of people with access to basic sanitation by 2010. 3.6 Reduce Cholera out - breaks by half by 2010.	Sewage Drainage	B.1 Expansion, rehabilitation and construction of urban sewerage and drainage systems.	Rehabilitation of existing sewage systems	Environment	MWLD,MOH, VPO, CSOs, LGAs, FBOs MOW, Private sector, MOEC, VPO, PORALG.
			Feasibility study for the introduction of central sewerage system in urban centres		
			Construction of new sewerage and treatment systems		
			Improve storm drainage in poor and unplanned urban areas.		
		B.2 Improve solid waste management and ecological sanitation, and promote hygienic household practices, in rural areas and urban settlements.	National waste management strategy to reduce, recycle and safely dispose of waste.	Environment,	
			Reduction of waste and promotion of more efficient and environment friendly technologies.		
			Implementation of measures to reduce plastic bags and bottles.		
			In rural areas promote and educate communities on hygiene using PHAST methodology and encouraging households to build and use improved latrine facilities.		

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sectors or areas of collaboration	Key Actors
		B.3 Develop incentives for income generating opportunities and investment in waste management	Reduction and recycling of domestic and industrial solid waste management.	Environment Health	
			Increased involvement of CBOs and private and public sector in waste management		
	Public facilities	B.4 Ensure adequate sanitation facilities at all public institutions – schools, health centres, markets and public places, including access for disabled.	Construction of public sanitation facilities	Water, Sanitation and Environment	
			Public and environmental health campaigns		
			Enhance implementation of the school environmental health programmes		
C. Pollution 3.7 Reduced water related environmental pollution levels from 20% in 2003 to 10% in 2010 3.8 Reduction in harmful industrial and agricultural effluents	Pollution control	C.1 Implementation of pollution control, occupational health and safety standards and environmental management as specified under sectoral guidelines and the Environmental Management Act.	Environmental management and enforcement	Water & Sanitation	VPO, MWLD, PO-RALG, LGAs, MLYDS MIT, private sector, CSOs MoEC, MoH, MEM, MSTHE
			Environmental management education and awareness programmes		
			Develop and Promote appropriate environment sound technologies through research.		
		C.2 Implementation of national environment education strategy with focus to increase awareness on issues of health and environmental risks.	Environmental health awareness at community level and emphasize cost-effective interventions for reduction of water-related diseases	Education	
		C.3 Enhance education and awareness creation on the occupational health and safety standards	Awareness to enhance industrial and agricultural safety and health.	Industrial Safety	
D. Planning & Human Settlements 3.9 Planned and serviced urban settlements with functioning town planning procedures in place 3.10 Increased number of people having secure tenure of land and properties that can be mortgaged, and women/men have equal rights to access,	Integrated Urban planning	D.1 Municipal authorities and institutions to prepare integrated urban development plans for 25% of identified settlements in the country	Re-planning of the CBDs in 10 regional centers and 2 cities	Planning	LGA, CSOs MLHDS, MOF, VPO MLHDS, MJCA. ownership and inheritance.			Review of land act, no. 5 /1999 that discriminate women on inheritance – traditional land.	Justice, Human settlements, gender	
			Education and awareness programmes on land rights and tenure		
	Surveying and rights	D.3 Regularize unplanned settlement and increase production of surveyed high-density plots, with basic infrastructure, and ensure titles are issued to all plots allocated.	Planning, demarcation and identification of land in unplanned areas .	Land use planning	
			Sensitization and awareness creation on land rights	Land rights campaign	
			National Land Information system	Human settlements	
	Housing	D.4 Adopt National Housing Program, promote participation of private sector in housing, enhance appropriate and affordable housing materials and construction technology, increase availability of low cost housing and serviced plots to the most needy members of society (including the disabled) .	Increase availability of serviced plots	Human settlements	
			Public-private partnerships in the provision of low -cost, high-quality social services emphasizing provision to vulnerable groups	Quality social service provision	
			Design and construction of new public buildings are passable and accessible to people with disabilities.	Infrastructure designing	
	Settlements	D.5 Implement land use and management plans – planned settlements – Land Act 1999.	Improve land revenue collection and financial management system.	Settlements	
	E. Vulnerability & Environmental Conservation and Disaster Management	Sustainable land management	E.1 Improved land management and adoption of water conservation technologies, and implementation of national plans under MEAs to halt desertification and land degradation, and restore degraded lands.	National plans to halt environmental degradation (inc National Biodiversity Strategy and Action Plan.)	
Adoption of water conservation and water harvesting technologies.				Water conservation technology	
Strict laws and penalties to those involved in illegal harvesting of natural resources, continuous campaign for planting of trees.				Laws enforcement	
Improve community based natural resource management and a regulatory framework that allows local communities to manage these resources.				Natural Resources, Environment	
3.11 Reduced vulnerability to environmental disasters.					
3.12 Natural resources and other ecosystems that people depend upon for production and reproduction conserved.					
3.13 Reduction in land degradation and loss of biodiversity					

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sectors or areas of collaboration	Key Actors
	Ecosystem Planning	E.2 Build capacity of LGA and NEMC to manage natural ecosystems and protect resources from undue negative impacts through the implementation of natural resource management plans	Training and awareness on planning (link to OOD, DADP etc.)	Land use planning/Ecosystem management	
			Mainstream land use plans into districts development plans		
			Promote community based natural resource management through the creation of village land use plans and by laws.		
			Promote ecosystems planning		
	Mitigation of environment risks	E.3 Implementation of mechanisms and policies to mitigate against environmental disasters (e.g. flooding, drought and refugees influx) and put in place post disaster actions/responses.	Land use plans; disaster management programmes	Environment and Disaster management	
			Integrated River Basin Management		
			Post disaster actions/responses for natural disasters e.g. programs to reduce impact of refugees' influx.		
			Develop and implement early warning systems and information dissemination	Disaster management	
Programs to reduce, pest and insect damage to crops and livestock and promote integrated pest and insect management					

Goal 4: Adequate social protection and rights of the vulnerable and needy groups with basic needs and services

Operational Targets	Sub Category	Cluster Strategies	Intervention Package	Sector(s) or areas of collaboration	Key Actors
